

Join our team!

SEGGER Microcontroller GmbH is one of the world's leading manufacturers of development tools for computers integrated in devices ("embedded systems"). Our customers include the Who's Who of the consumer, industrial, automotive and healthcare world. As a continuously growing company with offices in the USA and China, we are now looking for a

Technical Writer (m/f/d) English

to support our marketing team at the company headquarters in Monheim am Rhein, Germany.

Your tasks:

- You are responsible for the creation of technical content for our website
- You will modify content for our websites by taking into account the aspects of user experience and SEO
- You have a good eye for possible errors in existing texts, which you then re-write so that they are linguistically perfect
- You see the websites from a customer's point of view and ensure a target group-oriented presentation of the content (social media, blog, videos, web & store)
- You are at home in the front and back end - you look after and maintain our websites with TYPO3 and Shopware

What makes you the perfect candidate:

- You write meaningful technical web texts, which you can easily formulate in English thanks to your very good native language skills
- You have a degree or comparable work experience with a focus on marketing or technology
- Strong communication skills and the ability to work in a team

Ideally your skillset also includes:

- Professional experience in online marketing and content management – preferably also gained in a high-tech company or the embedded computing industry
- Creativity and own ideas
- A good knowledge of HTML and CSS
- Commitment, willingness to learn, reliability and personal responsibility

Our offer for you:

In addition to an above-average salary, a company car, and many other salary benefits, we can provide you with accommodation in a company-flat to facilitate your move. At SEGGER you can expect a collegial and respectful working atmosphere in small teams. All of this comes with a state-of-the-art equipped workplace in a modern company building adjacent to nature. You can find all the details on our website, where you can also get information about our offer and your new working environment. Have a look right now to check it out!

<https://www.segger.com/jobs/>

You can easily send us your application (cover letter, CV, references) by email to recruiting@segger.com. Please also state your salary expectations and the earliest possible starting date. We are looking forward to meeting you!
